## ROBERT DUKE WINS RICHMOND AIRPLANE RACE

Three Planes Leave Richmond Air Field In First Race Of Kind In State

1,000 PEOPLE SEE START

Race Ended at Sacramento as Part Of Two Day Meet At Mather Field

In the Richmond-Sacramento air race, starting at the Richmond air field at 10:15 yesterday morning, R. H. Duke, of Richmond, won the first prize—a \$750 prize cup—by the Sacramento Aviation club.

The Sonoma County Aero club failed to appear and M. P. Allumio of El Cerrito did not enter his plane so there were only three planes in this race, the first of its kind in the state.

They were:

Robert Duke of Richmond, in an O. X. 5.  
Captain E. W. Farrow of Oakland, in a H. S. 50-20.  
Dr. Sterling Hannell of San Francisco in a monoplane of the French Morane type.

There were about a thousand spectators at the field when Duke took off, a 12 minute handicap on Farrow and 25 minute handicap on Hannell, took off, made a low circle and headed toward Sacramento at a low altitude.

Lieutenant B. F. Hackett of the army air service, assisted by P. B. Schuman, publicity director of the Richmond Chamber of Commerce was the official starter. Hackett followed the racers in a high powered airplane, expecting to overtake the Captain E. W. Farrow one of the pilots in the air race to Sacramento yesterday, carried the following letter from Mayor J. H. Plate to the mayor of Sacramento.

Honorable Albert Elkus  
Mayor of Sacramento,  
Sacramento, California.

Dear Mayor Elkus: This is a great day in the history of transportation development, and I am happy to send you this greeting by airplane on the occasion of your great Air Meet to commemorate the end of the experimental stage in the development of air transportation.

Within a very few years I am certain Sacramento and Richmond will be important stations on great overland air routes, over which daily will travel thousands of passengers and great quantities of valuable merchandise.

The people of Richmond have followed the example of the people of Sacramento in establishing an air field as their part of the general preparation for the day when the airplane will be one of our very important means of communication and transportation.

On behalf of the people of Richmond I congratulate you on this day.

Sincerely yours,  
J. H. PLATE,  
Mayor, City of Richmond.

## Judge Hall Speaks At Everyman Class

This morning at 9:45, the Everyman's Bible class, which meets in the Richmond theatre under the charge of Aubrey Wilson, president, will observe Mothers' Day with special music and City Attorney D. J. Hall delivering an address on "A Tribute to Mothers." Any man or boy is welcome to attend this class which has been signally successful since its formation about three weeks ago. President Wilson believes the prospects are for a really worthwhile class.

## School Pupils In Play Day Program Win Great Praise

PLAY DAY RESULTS  
Posture—Parade—First Place, Grand school received a silver cup, donated by L. W. Schneider.

Second Place—Stage school, received a pennant, donated by the Richmond Rotary club.

Highest Score for the day, Lincoln school won having a score of 98 points. Peres came in second, with a score of 73 points.

They were presented with cups and pennants by W. T. Holmes, superintendent of the city schools. Judges were C. S. Rawick, Harry Carter, E. B. LaMoine, J. A. McVittie and W. P. Cooner.

Play Day activities were carried out in the most impressive program ever staged by the Richmond school, and they were witnessed by one of the largest audiences of parents and friends ever assembled together here.

The day ended with an excellent program featuring children of each school. Much effort had been expended upon the program, as was shown by the wonderful work done by the children.

The Maypole dance, which featured seventy-two girls dressed in white, was particularly pretty and exceptionally well done. Miss Ruth Hosel, director of the dance, deserves great credit for a success fully carrying out the contest day in the Richmond school history.

Miss Hosel wishes to thank every one who helped her to make Play Day a success, and expresses her gratitude to the Fire Department and the Lions club for their assistance in transportation and police on the grounds.

She also is grateful to George Morris for the music in the Junior high school orchestra, and to W. L. Seay, physical director, for his assistance.

May 9, 1925.

## Mother's Honored Today

## MOTHER'S LOVE OUTLIVES ALL TERRORS OF GALLOWS AND TOMB

BY REV. D. M. DAVISON  
PASTOR MELORE BAPTIST CHURCH  
(In Oakland Tribune)

God cradled the pearl in the depth of the ocean; He placed the diamond in the cleft of the rock, and hid the gold in the sandy bosom of the hills; but the most precious treasure of all He hid in the heart of woman—a mother's love!

Her son was a murderer—but he was her boy! Day after day, during the trial, that trail little woman sat by his side. She mortgaged her home to pay for his defense; but in vain—the jury brought in the dreaded verdict and the judge pronounced the fatal sentence. To the higher court she appealed; she went from house to house with her petition, and gave it on knotted knee to the governor. All her efforts failed, however, and the sentence was carried out; but the flame of love still burned in her little frame—could she but have his body now! But even this was denied her, for the law of her State demanded that he be buried in the prison-yard. Just this one more petition, then, she said, "When I pass away, will you bury me too in the prison-yard, beside my boy?"

"That's just like the mother love, isn't it? Yes, Kipling was right when he said:  
"If I were hanged on the highest hill,  
I know whose love would follow me still,  
Mother o' mine, Mother o' mine,  
If I were drowned in the deepest sea,  
I know that your tears would come down to me,  
Mother o' mine, Mother o' mine."  
Truly, the rose will fade, mountains become bald and bare, and even the sun will grow old and cold, but a mother's love is eternal.

## STROM WOULD PUT BUSINESS INTO COUNCIL

The success of cities as industrial centers depends largely upon the character of the city councilors of those cities, says J. P. Strom in discussing his candidacy for city councilman of Richmond.

Richmond is destined to be a very important part of the great east bay industrial community, and we can achieve that destiny if those who guide the progress of the city have vision and ability to translate the vision into action.

"The city council of Richmond must be composed of men and women of independence of action, who can and will dare oppose any element in the community which would oppose the community's steady progress."

"And too Richmond is a great business enterprise, like a great corporation. Our annual income is over half a million dollars, all of it paid by the city council."

"It is very important that those who spend city money should be men and women of business ability and experience, who know the importance of getting value for the tax dollar."

Strom is basing his fight for election next Monday on the fact that Richmond needs a business administrator, and upon his qualifications for the position on the council.

For fifteen years a successful business man, a substantial taxpayer, and a man active in the civic life of Richmond, Strom has the backing of hundreds of people who believe he deserves the confidence of the voters at the election next Monday, and who believe that he would make a very valuable public servant and administrator of the city's business.

Strom's friends point with pride to the fact that he is not allied with any particular faction or group in the city; his support is drawn from all classes and groups in the city. His supporters anticipate a huge vote for him next Monday.

## PAYROLL THUG GETS \$2,600 IN ELEVATOR

Paymaster Trapped in Elevator By Lone Bandit Who Escapes With Money

HOLD-UP CAREFULLY PLANNED

Daylight Desperado Works Calmly, Forcing Messenger to Drop Funds

(By Universal Service)

SAN FRANCISCO, May 10.—Working calmly as it by a carefully prearranged plan, a lone bandit yesterday held up H. G. Holland of Burlingame, paymaster for the Williams-Bera company, tailors, 110 Sutter street, and "robbed him" of a paper sack containing \$2,600, the payroll of the shop force maintained at 109 Stevenson street, according to a report made to police.

As Holland entered the Stevenson street building, he noticed an over-all-clad man standing on the sidewalk. As the paymaster entered the narrow hallway the stranger followed.

Both entered the elevator, operated by Thomas E. Armstrong, 76 Third street. The only other occupant was John Barberia, 12, of 17 Van Buren street.

Before the elevator started up the bandit drew a gun and ordered the paymaster to drop that package.

Armstrong refused to make the elevator until the robber turned the gun toward him. He then dropped the elevator to the basement, where the bandit ordered Holland and the boy to get out.

Forcing Armstrong to take him to the second floor, the bandit picked up the sack and hurried out of the building. Holland said he believed the bandit escaped in an automobile.

## They Cost Money

Delays in developing Richmond Harbor have cost Richmond untold amounts in payrolls. Delays must cease.

Indifference toward the big things to be done by a Council to help build a great city here have cost us millions. It must stop.

Lack of a settled policy of community development has caused us to lag behind our sister cities on the Bay. That indecision must cease.

Put business men on the Council to spend your millions of tax money.

The tax payer always pays for the mistakes of his elected officials.

Choose wisely, as you would choose the managers of your private business.

Let us start Richmond moving forward.

Put a business man of vision and ability on your Council for the next six big years.

#### FEET AFLAME

Mr. Louis Storm rejoices over recovery from burning feet.

I suffered from burning and itching feet for over a year. My sleep was greatly disturbed and finally my condition became so serious that for some months I was unable to work. I tried many doctors and remedies, but obtained no relief. At last I went to FONG WAN and took his herb treatment, which I rejoice to say afforded me complete relief. I can now sleep and work without the slightest discomfort.

Says Kidneys Clog  
And Need Flushing

When your kidneys hurt and your back feels sore don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your bowels clean, by flushing them with a mild, harmless salts, which helps to remove the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of good water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys may then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help clean and stimulate clogged kidneys; also to neutralize the acids in the system so they are no longer a source of irritation, thus often relieving bladder weakness.

Jad Salts is inexpensive, can not injure; makes a delightful effervescent lithia-water drink, which everyone should take now and then to help keep their kidneys clean and active. Try this; also keep up the water drinking, and no doubt you will wonder what became of your kidney when your physician examines your kidneys at least twice a day, trouble and backache. By all means

March 10, 1925—Accepted option for land and building in Richmond.  
March 24, 1925—Our Board ordered removal of business to Richmond.  
March 31, 1925—Shipped all golf machinery from Los Angeles.

April 11, 1925—Five year lease signed with option to purchase.  
April 28 1925—Broke ground for plant  
May 5, 1925—Cornerstone laid.

The plant is promised us for delivery on June 20, 1925.

The RUST-CAMPBELL Company has been operating in the City of Los Angeles for the past three years, manufacturing a very high grade line of leather goods and have, at the present time, over three hundred active accounts.

This entire factory will be moved to Richmond upon the completion of our factory building now under construction on San Pablo Avenue, where it will be combined under one head with the golf goods manufacturing department.

We want all Contra Costa County to share in our success. This business caters in its golf department to a part of our national life second in industrial importance only to the automotive, and as we will be the only factory west of Chicago manufacturing golf balls, our possibilities for an enormous success are very evident.

We are very anxious to make this community partners in our enterprise and take this means of offering, directly from the RUST-CAMPBELL COMPANY to you, its shares of preferred and common stock at the sale price authorized in the permit issued by the Corporation Commissioner. That is \$25.00 for each unit of two shares of preferred stock and one share of common stock having a par value of \$1.00 each. The preferred stock carries 8 per cent interest, cumulative, and has further participation in dividends after 8 per cent is paid on the common.

We would appreciate the opportunity to call and tell you of the soundness of this investment. Terms arranged if desired.

Until occupancy of the factory, our office is temporarily at 2234 Macdonald Avenue, Richmond. Telephone Richmond 2200, RUST-CAMPBELL COMPANY.
